As announced in the last member&players information:

Players need to have an ISBO license to participate in ISBO tournaments.

Players from countries with an ISBO member organization will need to get validated (marked as licensed) by their national organizations admin in the Ophardt system!

If a player has an exclamation mark near to his name he isn't allowed to play and must be confirmed by the country admins to get a valid license.

Players from non ISBO member countries can buy an individual license for an annual fee of 50€.
