## **ISBO Board meeting**

Date: **13.05.2015**

Present: Rene Lewicki, Daniel Gossen, Lidia Bomirska, Matjaz Sustersic, Kasia Witwicka, Damir ilic

1. Name change - the arrangements are as follows:

Next information before the General assembly to all members.

2. Survey & mail contacts

Since we are not seeing many new players in the sport, we thought we should consult our existing players about what they feel is good about the game, tournaments and what is not good. As well as it will give the players a chance to influence the development of the sport and just tell us what they feel.

3. Tournament calendar rule

We should introduce a new rule saying that once the tournament calendar is published (1000 and 500) the organizers cannot change anything (dates, locations etc.) as people who plan in advance simply lose money by booking hotels and flights. If the organizers want to change arrangements, they should be responsible for the consequences.

4. Swiss Speed Badminton

The received letter will be answered soon and published.

5. Finance

The number of 250 points tournaments dropped down considerably and it influences our finance condition pretty badly (given the fact that the number of players in other tournaments is not necessarily rising). So we need to think how to fix that.
